

Our Mission is to foster, support and grow an ecosystem of high-quality out of school time (OST) programs and experiences that are made accessible for all Central Texas children and youth, regardless of economic background.

Building an Out of School Time System for Central Texas

Learn All the Time (LATT) is an intermediary in Central Texas focused on increasing the quality, outcomes, and capacity of out of school time (OST) programs. As an intermediary, LATT coordinates a network of diverse OST stakeholders – nonprofits, schools, philanthropy, businesses and city agencies – to work collectively on increasing the quality of and access to OST opportunities across Central Texas.

This emerging “system-building” approach, supported by research by the Wallace foundation, is showing promising results in communities across the nation. Locally, LATT builds on a strong OST foundation and rich history of organizations partnering to ensure children and youth have access to high-quality afterschool and summer programs.

Our goals are to deliver real outcomes through systems building that include:

**LATT
Goals**

- Providing quality training, professional development and resources
- Helping with access to programs for children and families
- Providing information and research to the public
- Organizing efforts for efficiency
- Maximizing resources
- Maintaining quality standards
